

## Grateful: CWA WALKING CONNECTION

Staying in touch is a challenge right now, and we are grateful to our members for their participation. CWA is connecting its members with its weekly walking group. Members show up at 1pm every Monday in the parking lot in front of the salon and Curry's Restaurant (rain or shine!). We all bring our masks and use them when the layout of the landscape pushes us closer than 6 feet apart. We usually walk leisurely for about an hour. It is a great way to meet neighbors and make new friends. Members are welcome to bring guests too.

Last month we introduced our current board of director's who are working hard to find ways for us to stay connected.

October's CWA event was on the Konmari Method of organization, giving us ways to tackle in a positive way those closets, drawers, and shelves of "stuff" that we have in our homes. KadraPixton, a consultant in our region did a live presentation where she presented the philosophy behind the method and reviewed some of the challenges of organizing the variety of things that are bulging our shelves, closets, and garages. She reviewed organizing clothing, books, papers, miscellaneous, and sentimental items. She pointed out that keeping items that "spark joy" helps make your life easier, but that the process does take time and effort. The presentation will be available on the CWA website and there will be a list of links and resources.

We also got a sneak peak of November's program; insight into the Boys and Girls Aid Society, to be presented by Dr. Suzan Huntington. We hope you will join us for this very informative presentation.
